Monochrome Multifunctional Printers

- Monochrome A3 print, scan, copy and fax systems with a speed of up to 65 pages per minute for today's business needs
- Advanced technology combined with ease-of-use for more efficiency in medium - to large-sized workgroups requiring reliable document output and excellent image quality
- A large range of options for flexible customisation and easy adaptation to your company's needs

**TOGETHER
INFORMATION**

Cloud-ready And Secure

Today's new hybrid work environment has permanently changed demands on access to information: it must be available anywhere and anytime. Only then can organisations maintain maximum efficiency and productivity. Yet information also needs to be secure.

Toshiba's cloud-ready products and our team of experts provide the solutions you need to improve workflow and print with functionalities that are smarter and more convenient than ever before. We have implemented new features to increase productivity with the vision of Together Information – helping people and organisations share information more effectively through better products and solutions. In line with the needs of “new normal” workplaces, the series is equipped with functionalities that enable non-contact, non-face-to-face and remote work.

Based on the latest technological advances and security standards, we deliver end-to-end tailored solutions to help you seamlessly and securely navigate today's digital workplace. In addition, our multifunctional print (MFP) systems meet the highest environmental requirements. From consulting, cloud migration and fleet management to implementation and technical support, Toshiba is at your side.

An all-rounder for your high demands

Each of the models in the Toshiba e-STUDIO6528A series delivers high-quality monochrome documents precisely in line with the needs of medium- to large-sized workgroups. All six multifunctional systems are equipped with state-of-the-art security features you can rely on and performance that will enhance productivity.

- > Advanced Toshiba e-BRIDGE Next controller technology ensures smooth integration and operation without compromising on document quality
- > With a print speed of up to 65 pages per minute, exceptionally fast first-copy output and a paper capacity of up to 5,200 sheets, the e-STUDIO6528A series delivers reliable document output
- > Designed to support and enhance modern document workflows and simplify complex multi-step processes

Smart And Smooth

An intuitive 26 cm (10.1") tablet-style touch screen with an embedded web browser is easy to use and fully customisable. You can conveniently tailor settings and automate workflows – including integration of third-party solutions. The user interface, which reflects the bold new look of the new e-STUDIO series, enables simple operation and improved efficiency.

New Standards In Versatility

Success in today's business world demands seamless access to data and information at all times, regardless of whether staff members are working remotely or on the go. The e-STUDIO6528A series easily integrates into cloud and mobile workflows. Thanks to the advanced e-BRIDGE Next controller technology, you can even seamlessly utilise third-party solutions. The array of embedded apps is designed to address the individual requirements of each business, and gives you the flexibility to connect to the cloud-based application of your choice.

Cloud solution apps

- e-BRIDGE Plus for Box
- e-BRIDGE Plus for Dropbox™
- e-BRIDGE Plus for Exchange Online
- e-BRIDGE Plus for Gmail™
- e-BRIDGE Plus for Google Drive™
- e-BRIDGE Plus for Google Workspace™ Google Drive™
- e-BRIDGE Plus for OneDrive®
- e-BRIDGE Plus for OneDrive® for Business
- e-BRIDGE Plus for SharePoint® Online
- e-BRIDGE Plus for Universal Print
- e-BRIDGE Capture & Store

Workflow solution apps

- e-BRIDGE Plus for Green Information
- e-BRIDGE Plus for ID Card
- e-BRIDGE Plus for USB Storage
- e-BRIDGE Plus for Voice Guidance
- e-BRIDGE Plus for Zone OCR

To ensure a perfect fit, contact our team of software developers for support in creating customised apps for you.

Your partner in sustainability

Toshiba is committed to people and the future of our planet. With the aim of building a sustainable society, we make every effort to minimise the impact of our business on the environment.

Conservation and protection of the world's natural resources are top priorities in every business process and product. A key aspect of our approach is to provide solutions that make our customers' operations more sustainable. Accordingly, the e-STUDIO6528A series has also been equipped with various environmentally friendly features:

- > Low-power, super sleep mode to save money and reduce energy consumption
- > Compliance with the latest, most stringent environmental requirements
- > The e-BRIDGE Plus for Green Information app, which displays environmental achievements directly on the MFP to encourage use of eco-friendly settings

Security meets convenience

As a leading provider of information technology, Toshiba has always placed top priority on protecting data. The e-STUDIO6528A series comes with state-of-the-art security features, such as anti-malware, secure SSD (Solid State Drive) and TPM (Trusted Platform Module) with encryption function. Optionally you can choose the FIPS HDD* with data overwrite function and HCD-PP** certification. Deploy all the security technologies offered to ensure your data are protected when using the MFP.

* Federal Information Processing Standards Hard Disc Drive
** Hard Copy Device – Protection Profile certification

Big Performance In A Compact Format

Toshiba's e-STUDIO6528A series offers a wide spectrum of functionalities in a surprisingly compact format. The multifunctional systems enable you to integrate and simplify your workflows while improving efficiency.

Mobile printing gives you full flexibility and lets you easily connect to mobile devices via AirPrint or the Mopria Print Service.

Wi-Fi Direct offers the option of on-demand connection. Coupled with the Toshiba e-BRIDGE Print & Capture app, the feature not only lets you print from but also scan to your mobile device.

Remote assistance and diagnostics fit seamlessly into today's workstyles and help keep your business running when technical difficulties or uncertainties occur.

Embedded optical character recognition (OCR) simplifies the creation of searchable PDFs and editable document formats.

Scan to USB is great for working with documents on the go. You can even create PDF/A-2 files suitable for long-term archiving.

Scan and fax preview allows you to review, rotate and modify your scanned documents or incoming faxes before saving or printing them.

Print from USB for quick and easy printouts. If necessary, the MFP will automatically scale your documents to fit the available paper size.

Dual Scan Document Feeder (DSDF) can hold up to 300 originals and processes 240 images per minute (ipm) by scanning both sides of the page in a single pass. With the addition of Double Feed Detection, you can ensure that no pages are missing after scanning.

Customisable user interface (UI) for your ideal user experience. A fully customisable, tiltable 26 cm (10.1") colour panel works like a tablet or smartphone interface, so you can find whatever you need with a swipe of your finger.

Auto skew correction for non-standard paper sizes ensures your scanned documents are created accurately – every time.

Security you can rely on optional card readers and biometric fingerprint readers** add an extra layer of security to the systems and allow you to restrict access to the devices. But they also make life easier for users by giving them direct access to their print jobs.

Multi station print solution allows users to send print jobs from their desktops and retrieve them at up to 50 different MFPs within the network by authenticating at their device, e.g. by simply swiping a badge.

Proactive Service With Toshiba e-BRIDGE CloudConnect

- e-BRIDGE CloudConnect (eCC) is a device-to-cloud based system.
- It bridges the gap between business processes and machines in the field.
- It increases the efficiency of service operations.
- It is a web-based device management system, exclusively for Toshiba MFP.

Your Benefits

Improves Service Up Time

- Receive real-time technical alerts and warnings
- Remote configure device settings & software update
- Use service data for technical diagnosis, faster resolution

Service Automation

- Meter reads are automatically taken at set intervals
- Toner alerts are transmitted, triggering automatic supplies delivery
- No server maintenance, no manual backup data is required

Keeps your MFP secure & Up-To-Date

- Latest firmware & security updates via the cloud during off-peak periods
- Remote data backup and restore to avoid data lost
- Consistently manages device configurations to adhere to your company or regulatory & security standards

Minimise disruption with a maintenance contract

Having a maintenance contract in place ensures that you get to take advantage of a variety of add-ons. Get real value for money and maximise your return on investment with a well-maintained device, with helpful technical support when you need it. Maintenance contracts ensure that you can continue to run your business with minimal disruption.

Distributed by

Together Information is Toshiba's vision for how people and organisations create, record, share, manage and display ideas and data.

It is based on our belief that the most successful organisations are those that communicate information in the most efficient way.

We make that possible through an integrated portfolio of industry-specific solutions, all of which reflect Toshiba's commitment to the future of the planet.
